*When one door closes,  
another door opens. -*

*We're closing the  
door on the Fifteenth*

*Street Campus but opening a new one  
on the Fredd Campus!*

During the break between spring and summer terms, the library on the Fifteenth Street Campus will be closed and a new library on the Fredd Campus will be opened in rooms 108 and 109. These changes are being made in order to provide the best library services for our students over the next two years as we prepare for the new campus and strive to meet the needs of students on our Fredd Campus.

We believe that the least disruptive way to do this is to begin the process now, relocating books and periodicals for the LPN and technical programs now housed on the Fifteenth Street Campus to the Skyland Campus library. Over the past few weeks, efforts have been made to move audiovisual equipment needed on a regular basis to each shop and department on the Fifteenth Street Campus. Additional equipment will be delivered for short-term use when necessary.

Except for general interest subscriptions and those that support the LPN program, periodicals will be routed through inter-campus mail to the appropriate shop or department, regardless of campus location. All LPN books and periodicals will be moved to the Skyland Campus library.

These are our general plans for serving programs that move to the new campus in the first phase.

Books and periodicals that support instructional programs based on the Fredd Campus will be relocated to that campus. New materials will be added, and the featured collection on the Fredd Campus will be career and job skills materials. Traditional library services, such as reserves and reference materials, will be provided on the Fredd Campus. Audiovisuals will be housed in the appropriate shop or department as usual, but additional services, such as individual student viewing, will be provided in room 109.

Library hours on the Fredd Campus will be 8:00 a.m. until 5:00 p.m. (closed one hour for lunch each day) for the present. As use patterns emerge, library hours may be adjusted.

LORI CARVER will move to the Skyland Campus, where she will continue to serve as the general acquisitions officer for all library purchases. JEAN MACK will move to the Fredd Campus and continue to provide user services. Her primary duties will remain the same--only her location will be different! S.N. GAINES will continue to serve the Fredd Campus as Media Technician, lending a hand to other library/media activities as needed.

---

In one of its last major contributions to the College, the C.A. FREDD FOUNDATION provided funding to extend SHELBY, the electronic library catalog, to the Fredd Campus.

Each library will continue to serve ALL STUDENTS and ALL COLLEGE EMPLOYEES, regardless of program or office. RESERVE services will be available on both the Fredd Campus and the Skyland Campus for any program, even those housed on the Fifteenth Street Campus. Contact TRAN MOORE at extension 2381 if you wish to set up reserve files.

We appreciate your patience and understanding during this period of change for both the library and the college.
